Digital Network & Screens

- Riga Airport offers different digital solutions to brands that prefer to buy SOV – Share of Voice rather than a static unit or show video instead of an ad.
- Check-in Digital Screen and Digital Triangle are special units strategically located to maximise interaction.
- A network of 48 digital monitors is spread to the terminal and placed next to FIDS to provide a terminal-wide presence.
- List prices range between 1.500€ - 2.500€/week for digital solutions we offer. Certain discounts apply according to the SOV booked and the campaign length.
